NEUTRALITY REPEAL IS FORECAST

PETER COMPANY TO OPEN TURKEY SEASON NOV. 5TH

The big development of the week in commercial circles is the announcement by the Peter Company, Incorporated, of the opening of the turkey season on November 5.

The Peter Company's new plant, owned and operated by Texas men, is located in Cameron, their headquarters.

This plant has recently installed the most modern equipment possible to obtain anywhere in America to handle turkeys. The company will start buying for the eastern markets on November 5. These turkeys are purchased and packed in Cameron.

The Peter Company will employ a large number of people during the season. It was estimated that Milam county has an unusually large crop of turkeys this year and the Peter Company will be instrumental in distributing many thousands of dollars to producers beginning November 5.

The company has a special message to turkey raisers in this issue of the Herald.

Two Hurt When Wire Charges Fence With Electricity

Mrs. P. L. Caperton was seriously injured and narrowly escaped death at 10 a. m. Tuesday at her home when she placed her hand on a fence which had been highly charged with electricity from a fallen wire.

Arvin Eixman, 18 year old son of a neighbor, was standing near the fence talking to Mrs. Capterton when suddenly he began to scream.

Mrs. Caperton said she thought the boy had stepped on a thorn at first, but in a few seconds he told her the fence had electricity in it.

She reached out and touched the wire and could not extract herself, so strong was the current.

Mrs. Caperton was rescued by neighbors only after she had lost consciousness and the switch was cut off in a wash house near the residence.

Mrs. Caperton was taken into her home and regained consciousness within a few minutes. Dr. W. M. Avent was called to the Caperton home immediately following the accident.

Mrs. Caperton has a badly burned hand and her lower limbs are badly drawn and she is unable to walk. The Eixman boy was only slightly injured according to inormation reaching the Herald.

RAIN AND COLD

Lower temperatures and rain are forecast for Cameron. A norther was due to reach th city sometime during the night or Friday. Rain is predicted.

Two Cameron Fighters Make Good in First Boxing Card Tuesday

John Henry Wilson, welterweight, won from J. D. Jordan of Temple Tuesday night in the first card of the Central Texas Amateur Athletic Association, but lost a booed decision to the judges.

The fight, described as rough, almost stole the show from the main event in which Alvin Lueck took a questionable decision from Soldier Boy Oliver Ham.

Wilson had his man out on his feet, bloody and floundering, yet lost the decision. It was an unexplained pronouncement of officials.

Bennie Harris, 130 pounds, took a split decision from Cotton Linsbe of Temple in three rounds. Bennie is coming along and has won his first show fight

Poison For Rat Kill Limited; Orders Must Be In By Friday

Due to a shortage in Red Squill poison, the quota for Rodent Control in the residential district of Cameron has been cut to 200 pounds.

All this poison has to be imported from Italy, and there is little chance of the government being able to secure any more for the duration of the war.

Since there is such a small amount available, there will be no house canvas made, and orders will be taken only at the Milam County Health Unit office until supply is exhausted. Those orders must be placed by Friday night of this week so that it may be prepared and shipped in by Wednesday, October 29.

Orders should be accompanied by money. The pound packages will cost 25c and half pound packages will be 15c. Half pound will sufficiently cover the average home without large barns, etc.

Work in the business section has already started and will continue for two weeks.

Community Chest Budget Explained To Rotary Club

Stanley Swift, moving spirit in the Community Chest discussed the budget for Cameron's No. 1 Welfare organization at the Rotary Club Wednesday at noon.

Mr. Swift gave Rotarians and their guests a detailed account of the expenditures of the Chest. The budget for 1941-42 is $360.00 an increase over the figure for last year.

Due to increase in the price of food the Cameron Welfare Board will need approximately $2000, this being the item of principal increase in the budget.

The following are included in the budget: Cameron Welfare Board $200; Grammar School Milk Fund $250; Child Welfare Board $350. Nursery School $180; Boy Scouts $400; Girl Scouts $75; Emergency Hospitalization $200; Emergency Fund $150.

The Community Chest canvas opened Wednesday. Mr. Swift told Rotarians that all amounts subscribed to the Community Chest are deductable from income tax returns.

ARMY FLYER KILLED IN TENNESSEE CRASH

Lt. Walter E. Houston, United States army flyer, driving one of the new model pursuit ships, was killed when his plane crashed at 1 p. m. Monday near Newburn, North Carolina.

Lt. Houston was assigned to duty with the army now on maneuvers in North Carolina.

News of the death of Lt. Houston was contained in a telegram late Monday afternoon to Mrs. Houston who was visiting her mother, Mrs. N. H. Butts, in Cameron.

Mrs. Houston is the former Miss Florence Butts of Cameron.

Lt. Houston's home was in Austin and he made his home there with Mrs. Houston.

According to information received by the Daily Herald Lt. Houston and three companions, driving pursuit ships, were lost in the Tennessee mountains and throughout the morning had made repeated efforts to establish communication by radio with their base, asking for flying directions, but did not succeed.

The ships are among the fastest in the world and when landing travel at the rate of 150 miles an hours.

Because of a low ceiling and a dense fog the planes could not make a landing and it is presumed here that shortage of fuel may have forced them down. All 4 planes crashed. Lt. Houston was the only flyer to lose his life. He crashed into a tree trying to save his plane. The other 3 pilots brought their planes to earth, tail first, and their lives were saved.

Funeral services for Lt. Houston will be held at Pearsall, Texas, where the body will be interred beside his father.

Lt. Houston is the son of Mrs. Kay Houston of Austin and was married to Miss Florence Butts of Cameron on July 21, 1941.

Mrs. Houston was in Cameron visiting her mother and was making preparation to join her husband within a few days.

4 Cameron Students Rank High Among Upper Ten at Texas

Four Cameron students, all graduates of Yoe High School, have won signal houors at the University of Texas, it was announced recently by the Public Relations Department of the University.

These students are: Rosemary Bennett, Wayland Kidd, Marian Hall and Doris Newton.

The name of Rosehmary Bennett was not included in a recent news story due to a delay in compting the grades and her averages were not known until several days after the story was released.

These four students ranked among the upper 10 per cent of the entire student body at the University and thir high ranking was recently ascertained by an aptitude test in English referred to by the University as a Psycological test.

The showing of the students is remarkable and unusual because it is the first time in the history of the University that four studnts from the same city have received such honors.

In the original news story the University comment was that it was that it was the first time that as many as three students from the same city had received such honors and now that the name of Rosemary Gennett has been added to the list there are four and the showing becomes more remarkable still.

ADDRESSES LIONS

Lt. Col. Cleve Odom, native of Milam County and son of Mr. and Mrs. George Odom of Bryant Station, was in Cameron Tuesday. The Col. has been in charge of a hospital in Panama for the past four years but has been transferred to a new hospital in Kentucky.

Upon invitation he addressed the Cameron Lions at their regular monthly luncheon on Tuesday.

J. W. Garner of Rockdale was a Cameron business visitor Monday.

Flood Control Survey Authorized For Little River Drainage Area; Congressman Poage Announces

Congressman W. R. Poage (D-Tex) has announced that the Department of Agriculture in furtherance of its flood control program operated jointly by the Soil Conservation Service, the Office of Land Use Co-ordination and the Bureau of Agriculture Economics, has commenced a detailed survey of the Little River drainage basin.

This is a part of the more comprehensive survey of the entire Brazos watershed which was undertaken as a part of the Department's Flood control program at the request of Congressman Poage some two years ago. The preliminary surveys have been made. The detailed surveys will be made in units representing complete watersheds of various tributaries.

The survey on the Little River watershed, which includes Brushy Creek, the San Gabriels (North and South) and Salado Creek as well as the Lampasas and the Leon, is the first of the detailed surveys to be undertaken. It will probably require a years time to complete the survey.

More than 7,500 spuare miles of Central Texas is involved. The survey is being made with the view of recommending flood control structures and work to the Congress. The work covered by the flood control program of the Department of Agriculture includes the smaller structures necessary to control the headwater streams. It thus falls between the field covered by the Soil Conservation service in its regular program of terraces, strip cropping, etc., and the mammouth retaining dams of the army engineers.

The actual work will be under the direct supervision of the Soil Conservation Service, which has Central Texas headquarters in Temple. However, a number of technical special lists will be assigned to this work by the Washington office.

CLUB BOYS SELL THEIR CALVES AT FORT WORTH

Twenty two beef calves were entered in the Milam County 4-H Beef Calf Show here in Cameron on Oct. 20. In addition to the above mentioned twenty two calves Wm. Winkler, 4-H boy from Ad Hall exhibited his registered short-horned heifer and Herman Dorner, 4-H boy from Ben Arnold exhibited an Aberdeen-Angus Bull Calf. The results in the judging were as follows: Heavy Steers: 1st place Joe Kostiha, North Elm, 2nd Leonard Chapman, Jones Prairie; 3rd Johnnie Kamenicky of Ad Hall. Light Steers: 1st place Harvey Ray Casey of Briary; 2nd Walter Strickler of Ben Arnold; 3rd Robert White of Briary. Heifer Calves: 1st place Homer James, Ad Hall; 2nd Max Schwinger, Jr., Jones Prairie; 3rd Dauglas Houston of North Elm.

The Heifer Calf owned by Homer James was also judged as Grand Champion of the show, weighing 835 pounds.

The boys went to Fort Worth after the show, being carried in cars furnished by the following adult leaders: Valter White, Albert Young, Sam Houston, George Banzhaf, G. A. James, Lee Casey and Joe Kostiha. The boys were given free lodging in the Stock Yard Hotel by the Fort Worth Commission Companies.

The calves were sold Tuesday morning with the Grand Champion Calf owned by Homer James bringing 12 1-2c per pound, eleven other calves brought 12c per pound, one calf 11c per pound, seven calves 10.25c per pound and two calves at 10c. Aftr the sale the boys were visitors at the Ted Gouldy Livestock Marketing News Broadcast over KGKO at 12:45. After the broadcast the boys and adult leaders were given free dinner by the Swift Packing Company, and later made a tour of the plant.

Everyone in the party had a most enjoyable time and was impressed by the many courtsies shown them by the Fort Worth officials.

Body of Army Flyer Sent to Pearsall; Funeral Saturday

The body of Lt. Walter E. Houston, army flyer who was killed when his plane crashed in the mountains near Newburn, North Carolina at 1 p. m. Tuesday, will arrive in Pearsall at 10:50 a. m. Saturday, October 25.

Funeral services will be held in Pearsall at 1 p. m. Saturday with interment in the Pearsall Cemetery where the father of the dead flyer lies buried. It is the former home of the Houston family.

Mrs. Walter Houston, who is the former Miss Florence Butts of Cameron, is at the home of Mrs. Kay Houston at 1308 Kent Lane in Austin and will leave the capital early Saturday for Pearsall.

John Keischke of Buckholts was a Cameron business visitor Monday.

Miss Lucille Hayes visited in Chilton Monday night.

A DREAM THAT CAME TRUE

My mother and father, Johnathan Miller and Millie Stewart Miller, were born and reared in Central City, Kentucky. They were married in 1886 and came to Texas the same year.

Mother only lived thirteen years and at her death left five little girls and one little boy. My two oldest sisters being twins, were just 12 years old. Our grand mother Miller lived with us and reared us all to be grown.

I have heard my father tell about the great apple orchards, tobacco fields, the fine horse farms and the lovely homes in the hills of Kentucky. My mother's home was one of these, and just recently I have had the dream of my life come true. I had the opportunity to travel through the grand old state of Kentucky and visit in my mother's old home, now occupied by one of her brothers. Out from Central City in the rural district, is this lovely old home and Stewart Plantation, over 100 years old, the oldest home in that country. Two brothers, Bennie and Lee Stewart are still living, both past seventy years of age.

To me this old home is a real beauty. It is a two story building with large front porch, front and side entrance with heavy glass doors and panels, both opening into big hallways; large heavy windows, many bed rooms and a large roomy kitchen, three big fire places and a stairway leading to the second story.

In these rooms were the old Stewart furniture, lovely old beds, quaint dressers, chests of drawers and odd little tables, all of genuine walnut, maple and mahogany.

I stood in mother's room that she occupied when she lived there as a girl. Her furniture and everytnihg was in this room as she left it, some 50 years ago. Two lovely pictures of her when she was a girl hang on the wall. Her brothers said she had all beauty and sweetness of the Stewart family. They never saw each other anymore after mother married and came to Texas, but I could see that the memory of her still lived in the old home.

This place was claim-staked and settled by her parents over one hundred years ago. The home stands under the same roof that was put on it when it was built. It is covered with green moss.

Part of the old apple orchard is still there and we found some fruit on the trees. I brought some of the apples home. The tall cedars, maple and silver poplar trees are still standing in the yard. As I left the old place I looked back and pictured it in my mothers day. How wonderful and aristocratic it was.

Mrs. Lela Miller Ashcraft.

JAPS SAY THEY ARE READY TO FIGHT U. S.

Informed sources in Washington today said there is every indication that the Congress will repeal the neutrality law or amend it so that the American navy will have entire liberty of action in dealing with the question of war materials to Russia, Britain and China.

President Roosevelt has asked for an amendment to the bill to arm merchant ships. Sentiment among members of the Senate appeared certain to force through a measure which may result in the repeal of the entire statute.

Action in Washington came in face of increased tension in the far east where the offical Japanese news agency declared that Japan will tolerate no more interference and charged that America is seeking to encircle Japan by obtaining for eastern naval and air bases in Siberia.

On the Moscow front the Russians and the Germans were in conflict over claims of success. The Russians claimed to have thrown the Germans back and to have penetrated their lines in several places.

A British report said that Hitler has planned to throw his entire air fleet to cut a path to the Soviet capital and claimed that in one section his armies were only about 36 miles away. The Russians reported successes on other fronts and British military experts said that Moscow may not be taken at this time. Winter had closed in on the great battle area.

The British government was facing increased criticism from the people of England and the British army, idle for more than a year, is demanding an opportunity to fight Germany anywhere and under any condition.

Four Hurt in Three Wrecks in City and On Highway No. 77

M. G. Cox, local attorney, narrowly eescaped severe injury late Friday at a street intersection on North Travis when his automobile collided with a truck.

Mr. Cox's car was badly wrecked, but he escaped without injury. He was alone in the car.

August Horstmann, member of the City Council, narrowly escaped death at the street interestion near the McLane Company when his car and car driven by Billy Batte Bryan crashed. The Horstmann car was thrown across the street and struck another machine parked in the Muse Motor Company filling station.

Josie Zalesky and Joe Janek were hurt Sunday night on Highway 77 when their car turned over into a ditch.

They were on their way to Burlington and were blinded by the lights of a truck operated for Central Freight Lines.

NEW BRIDGE TO BE BUILT SAYS GARRETT

G. M. Barrett, District Highway Engineer with Headquarters in Bryan and C. B. Thanes, Senior Resident Engineer of Hearne, were in Cameron Tuesday night to attend a called meeting of the Chamber of Commerce.

The engineers assured the directors of the Chamber of Commerce that the bridge across Little River will be built.

Recently some question had arisen over the ability of the State Highway Department to obtain steel because of National Defense needs, but Cameron has been assured that the bridge will be built.

The bridge will be modern steel and concrete and the causeway across the bottom will be of concrete. Approximately $480,000 has been appropriated for the construction of the bridge.

Judge Jeff T. Kemp, County Judge has been assured also that the bridge will be built and he announced this at a meeting Tuesday of the Lions Club.

JAPS WANT TO KEEP TALK AVENUES OPEN

The International situation was somewhat composed today as the first shock of the far eastern crisis was absorbed by American opinion.

The most heartening news of the day for the allies was counter attacks of the Russian army defending Moscow.

The Soviet are throwing the Germans back and have captured two towns. The Germans admitted severe fighting and stubborn resistence and the only progress reported was in the Ukraine.

In the far east merchant vessels of the United States were orderd out of Japanese and Chinese waters because of a cabinet shake-up in Japan and the naming of General Toho as Premier.

His pet hate is American and the United States was fearful that war would break out because of Japanese aggression.

However it was said the situation was not hopeless and the Japanese Ambasador in Washington called upon Secretary of State Cordell Hull to request that conversations be resumed looking to a peaceful settlement of differences.

The United States navy had not located the German submarine which torpedoed the American Destroyer Kerney.

The House of Representatives in Washington voted to arm merchant ships and sent the bill to the Senate.

President Roosevelt was hibernating in his Hyde Park home in New York and had shown no inclination to lead out in the crisis.

REDS TAKING HEAVY TOLL OF GERMANS

There was no doubt the battle for Moscow had entered its final and probably most decisive stage.

In an unusually frank communication today the Soviet High Command said the Germans were hurling everything possible to assemble, including thousands of tanks into the battle.

The Russian Communication said on one front scarcely a foot of soil remained uncovered by German dead. It was the most frightful slaughter in the history of warfare. The Russian statement was largely confirmed by the statement of the German High Command which said that the most stubborn resistance yet encountered on the Russian front had risen from the snows before Moscow.

Hitler's vanity was prominently in the foreground of the vast Red battle. While spearheads of his great army sought to encircle the Soviet capital from two sides he plunged straight ahead on the road traveled by Napoleon when he took the city from the Czars only to find that it had been burned, that no food, and not even drinking water were available for his men.

Winter with all its bitterness was beginning to be felt as the blood of thousands of men ran crimson upon the snows. German moral was said by the Russians to be visibly affected, not only by the tremedous sacrifice which Hitler is making but in his race against the frozen Moscovite plains.

Despite all of this the Russians have organized their greatest counter attack and have swept the Germans back in a number of sectors along the more than 300 miles of snow mantled plains.

A vast quantity of mechanized equipment lies shattered and shackled by ice where Russian artillery at point blank range is taking a terrible toll, and everywhere, said the Moscow report, German lie frozen, grim losers in the battle against Russian winter which defeated Napoleon.

In Washington Presidnt Roosevelt, showing the strain of grave and portending events, held a frank press conference late on yesterday, and although he declined to commit himself beyond previous orders to the American Navy, it was increasingly apparent that the United States was moving swiftly to war.

The most significant trend since 1939 was the statement on yesterday by Wendell Wilkie, who along with 100 other Republican leaders, including 5 Republican Governors, urging repeal of the neutrality law and branding as ineffective mere arming of merchant vessels.

Said Mr. Wilkie "millions upon millions of Republicans are resolved that the ugly smudge of obstructive Isolationism shall be removed from the face of their party."

Mr. Wilkie, in a previous statement released for publication in the current issue of Look, is for active entry into a shooting war with Nazi Germany. Even adminstration parrots who know nothing and see nothing beyond the questionable policy of this Government have broken through the maze of uncertainty and are striking out boldly for measures that will inevitably lead to war.

Not since President Wilosn received news of the sinking of the Aztec off the shore of France in 1917 has the country been so incensed over German attacks upon our ships and upon our citizens. Two ships, the freighter Lehigh, flying the American flag, and the Boldventure, American flag and the Bold Venture, American owned, but flying the flag of Panama, have been sent to the bottom by German submarines and with them 49 lives are presumed to have been lost.

These attacks, coupled with the torpedoe attack upon the Destroyer Kerney in which 11 sailors lost their lives, represents a toll in American blood which this country must eventually avenge. American citizens everywhere were exhibiting rising anger and while the President still remains untranslated there are many indications that liberty, justice and fair play will eventually represent the America we are all proud to claim.

Achievement day of the Home Demonstration Club was observed in the Duncan community on Wednesday at 2 p. m. All things the club members have made will be on display in the afternoon.

Miss Nell Kinslow will spend the week end in Olglesby with her family.

DO YOU KNOW

That Cameron's Girl Scout program includes Brownie Scouts, whose ages are from seven to ten, as well as the older Girl Scouts. At the close of the last school term the total enrollment was thirty three.

Sponsored by the Business and Professional Women's Club and the Parent-Teachers Association, the Troop Committee has the following membership: Mrs. Lottie Bigbee, chairman; Mrs. L. Van Perkins, Mrs. R. W. Hester, Mrs. Mary McLane Lawrence Mrs. Bob Young, Mrs. Stanley H. Swift.

The Girl Scout Little House in Wilson-Ledbetter Park is a favorite meeting place and will be used even in winter since there is a large fireplace with dutch oven.

The troop plans to conntinue beautification of their Lttle House with its naturally attractive grounds.

Three Girl Scouts attended camps during last summer, having earned this privilege by being ranking scouts and having written themes telling of the benefits they had received from scouting.

Home making is one of the goals this year. By studying foods and their value cooking, clothing and economical buying and by learning to repair many household articles of equipment Girl Scouts are learning to be prepared to carry on, in case of necessity, jobs even beyond their years.

Full understanding between Girl Scouts and their parents, fosters the good of co-operation with community agencies in service, citizenship and defense.

Health and safety projects are included in the year's program, with instruction in first aid.

Needed expenses for this organization are provided for by the Community Chest.

Cameron Girl Scouts and Brownies are under the leadership of Mrs. Niley Smith, Jr., Miss Henriem Hefley and Mrs. J. H. Britt for the older Scouts and Mrs. Bill Burns and Mrs. Lester Williams for the Brownies.

From Egyt's bondage to the Plain of Abraham—in quest of LAND!

It was not enough that Moses should deliver his people from the yoke of the Pharaohs—there must be land; their must be a solid foundation upon which a people may worship freely. So man's search for Freedom has been in a large sense a seeking for land. For in reality there can be freedom for no more people that the land can feed—America's riches lie in the abundance of her lands, lands that her people own!

LAND IS WEALTH

What is yours in this world? You have a car, clothes, a litte jewelry, and perhaps some cash and securities in the bank. But there is only one durable possession that a man may own, and that is LAND. Is there a part of this American earth that you can call your own?

WAR SLOWS DOWN AS CRISIS BLOWS OUT

Reliable reports on the progress of the war in Russia cannot be obtained except through Soviet sources.

All corespondents of American newspapers have left Moscow and news will be scarce and exteremely unreliable.

The crisis worked up over the week end between the United States and Japan has apprently blown out like a tropical hurricane.

The government of General Toho has proven to be just another bluff. Germany acuses Roosevelt of shooting the American submarine Kearney to provoke war with Germany.

What the Germans don't know is that President Roosevelt is being criticised in his own country for failing to achieve agressive leadership.

The Germans were reported gradually encircling Moscow.

The Daily Herald heard a report that the Nazi have withdrawn large forces from Leningrad to throw into Moscow front.

People in Britain were angry over the leadership's failure to fight Germany.

In Tokyo the Japs said they are friendly and want to talk things over with America, perhaps to get time to prepare for a war on America. United States stupidity has reached a new high.

Mr. Roosevelt has returned to Washington. He will receive a report on progress made to arm merchant vessels.

New appropriations are to be made, for what, it is not yet clear.

Lane Escapes Again; Steals 3 Cars, One Found Near Milano

J. B. Lane, the Milano bad boy, who hates hick officers bcause they pick him up and likes to fool metropoliton police, has escaped again from the reform school at Gatesville, and in doing so had stolen 3 automobiles thus far.

One of the cars, a 1941 Olsomobile, was found with its motor running at a filling station at the Milano underpass around 8 o'clock Sunday morning.

A soldier on his way to Bryan from Ft. Sam Houston, discovered the car and sent word to Sheriff Valter White who left a crowd of friends who were making a trip to the rodeo at Huntsville and took up the chase.

According to the Sheriff's office Lane, on Thursday, took a 1941 Chevrolet at Commanche and abandoned the car in Lampasas. On Friday he took a 1942 Chevrolet and drove it to Granger. He saw a number of cars parked at a local residence and proceeded to investigate. The people were sitting up with the dead. He found a 1941 Olsomobile in a garage, rolled the car out, and took off. This car was the one found in Milano Sunday morning with the motor still running.

Lane is believed to have escaped into the woods near Milano and up until 3 p. m. Monday no trace had been found of the boy whose career at crime stretches all the way from Chicago to his home in Milano.

Mrs. John B. Wolf Celebrates 96th Birthday Here; Has Seen Almost a Century of American History

Mrs. John B. Wolf was born 96 years ago in the wilderness frontier of Marion County Arkansas.

On last Friday, October 10, 1941, she celebrated her 96th birthday quietly at her home in Cameron. Her life spans almost a century of American history.

Mrs. Wolf was married to the late Captain John B. Wolf in September 1866. Her maiden name was Agnes Adams.

Mr. and Mrs. Wolf came to Milam county in 1869 and settled at Davilla. Several years later they moved to Rockdale and in 1878 they settled in Cameron. Mr. Wolf was elected Sheriff of Milam county in that year. He served two years and was elected Tax Collector.

The Wolf home, situated at 607 West Main, is a large two story building, typical of the architecure of 50 years ago. The place occupies more than a block and is surrounded by gardens in which flowers predominate.

During favorable weather Mrs. Wolf may be seen often among the flower beds. Her hobby is flowers. She also writes poetry and for her age is very active, retaining a vivid memory of historical events of days that are now history.

On her birthday she received friends and spent a quiet day with many congratulations coming in.

There are 4 chilren living: Miss Nell Wolf who looks out after her mother with tenderness and great care. Penn Wolf, former District Clerk. Wyatt Wolf, who also lives in the Wolf home to care for his mother and John O. Wolf who lives in Oklahoma.

Mrs. Wolf has been a member of the Baptist Church for many years. Her life has been a simple one, her influence more profound in the precincts of her home and the influence of her character has been translated into her children and felt as a definite influence in the community.

Her forebears, the Adams, is a name historic and widely associated with American History. She is a brilliant woman and her mind is often expressed in poetry and other writings. The story of her life, never written, would be an epic detail of America's most colorful years.

Legion Lays Plans For Armistice Day Celebration Here

Plans are well advanced by the American Legion for the Armistice day celebrating on Tuesday, November 11.

Bismark Horstmann, Post Commander, has signed tickets for the dinner to be given at the Ada Henderson Cafeteria at noon and these tickets are now on sale. Homer Allen is Chairman of the ticket committee and has placed these tickets among members for sale to the public.

George Clark, who is Chairman of the committee on the dance has placed an order for placards. The dance will be held at National Hall on the night of November 11 and the Temple Blue Jackets will furnish the music. The dance will end the day of observance.

The Armistice day dinner is an event more than 20 years old and is looked forward to each year by the men who were in the first American expeditionary force.

A masterpiece of flavor—
Sweet Pepper
RELISH
the KARO way

Here's an easy-to-make relish that will add dash and sparkle to even ordinary meat dishes. In fact, it's so good you'll probably begin to enjoy it with bread and butter.

KARO PEPPER RELISH

6 red peppers	1 cup vinegar
6 green peppers	1 cup Karo (red label)
4 medium onions	2 tsp. salt

Grind or chop peppers and onions. Place in a saucepan, cover with hot water and simmer 15 minutes. Drain and add remaining ingredients. Cook for 10 minutes over low heat. Makes about 2 (8-oz.) jars.

This relish not only adds color and interest to your meal, it adds food value as well. For Karo Syrup is rich in dextrins, maltose, and DEXTROSE, food-energy sugar.

What's it got you haven't got in your present automobile?

HERE stands an automobile – *the* automobile, we believe, of 1942.

What's in it to lay claim on your attention? Well, among other things:

A valve-in-head engine – the same type of engine used in every modern airplane.

FIREBALL compression – specially contoured Domite pistons that wring more good out of every drop of gas.

Compound Carburetion† – a constant check and *double* check on gas usage to see that you get both power and range from the fuel you buy.

There are longer-lasting bearings, stouter connecting rods, broadrim wheels that steady the ride and deliver top tire mileage.

There's a torque-tube drive such as you find in America's fastest fighting planes, and soft, gentle all-coil springs that never need any mothering care.

There are ruggedness, dependability, frugal use of gas and oil, and as for *life* and *action* and *ability* – why not see for yourself?

In short – go try out this Buick and see why it is *the* automobile of 1942 – and your smartest buy considering the times.

†Available at slight extra cost on Buick SPECIAL models, standard on all other Series.

No other car has ALL THIS FOR YOU IN '42

Tommy Bishop, Killen's Blonde Bomber Leads Kangaroos to 37 to 0 Victory Over Belton

By BLACKIE SHERROD
Telegram Sports Writer

Killeen, Oct. 17—There have been o rumors circulating concerning the olitical ambitions of 187 pound Tom ny Bishop but the Blond Bombe: ould have been elected mayor of Killeen without a dissenting vote toight as he led a powerful band of Kangaroos to the first win over a Belton eleven in recent Killeen pigskin history, a crashing 37 to 0 victory.

The Bomber wasn't the entire Killeen show but he proceeded to take charge of the game in the first period and did practically everything but play first chair tuba in the Killeen band at half-time period. But for two quarters and part of the third the plucky Tigers fought tooth and nail, complete reversal over their showing last week, but fnally wilted under the onslaught of superior power. For two quarters it was anybody's ball game as a gallant Tiger defense, led by Barge and Muehlhause, halfway stemmed the tide, but Mayhem broke loose in the second half.

26 Yard Run Scores

York, Belton tackle, pounced on two Killen fumbles to halt Kangaroo drives in the first frame but Bishop finally cracked the ice when he broke over his own right tackle and outdistanced the secondary for 29 yards and six points. Previous to the scoring run, Bass, Tiger safety, barely prevented a touchdown sprint by knocking Hilliard out of bounds after a 22 yard gallop. The extra point attempt was smothered.

In the second period Carlisle gave Killeen a scoring opportunity by recovering one of many Belton fumbles on the Tiger 36. Running off a double wing, Bishop plunged 14 yards in two tries and then Toliver hit Hilliard with a heave on the Belton 10. After two plays, the Bomber smashed over four men to score. Conversion was blocked.

Barge and Muehlhause started a Bengal rally in the same period which included two completed passes by Barge to Henson and Muehlhause. Muehlhause picked up seven but Killeen's defense stiffened and took over on downs. Muehlhause and Barge came back with a mild drive that Hilliard's brillant interception of a Tiger toss halted.

Belton Threat Bogs Down

Belton threatened first in the second half when Muelhause uncorked a long 40 yard pass to Chapman who was downed on the Killeen 20. Barge drove to the 12 in two attempts where the ball went over on downs. Barge leaped high to intercept one of Toliver's passes but Hilliard retaliated by taking one of Muehlhause's on the Killeen 23. The Bomeber took over from there. First he went five yards through the middle and on the next play reversed from a wingback hole, broke through the line and scampered with surprising speed for 78 yards and the score. Again the Belton line blocked the place kick for extra point.

In the final quarter, Bishop tore loose on a 30 yard sprint to the Belton 30. Condor tossed to Lindsey who made a great catch on the 11. Bishop made it a first on the one and roared over on the next play. He kicked goal to wind up his 25 points scoring total.

A few minutes later, Carlisle, a jam-up center and linebacker, grabbed one of Muehlhause's passes and went 26 yard to pay dirt. Bishop failed to kick goal.

A partly-blocked kick gave Killeen the ball on the Tiger 33 to set up the final tally. From there Conder slipped over his own left tackle and whipped across the double stripe. Again Bishop's kick was no good.

Fumbles Slow Tigers

Belton failed to threaten seriously after the first half and fumbles repeatedly hindered the Tigers' offensive gains. Guard Cooksey and Horton and tackies Fielding and York took a terrific pounding but were battling until the final whistle. Center Hugh Tims played a nice game along with Barge and Muehlhause.

Jurney, Carlisle, Lindsey and the entire Kangaroo line stood out defensively while Toliver, Hilliard and Conder gave Bishop some sprinted assistance with the ball carrying and blocking chores.

Killeen gained 344 yards from scrimage and 43 by passing. The Tigers totaled 33 yards on running plays and completed four of 17 passes for 50 steps. First downs were nine for Killeen and five for Belton.

Better Turkeys to Be Shown October 29 at Radke Farm

All persons interested in better quality turkeys for Milam County are invited to attend a meeting to be held at the Bill Radke farm Wednesday afternoon, October 29, at 4 p. m. at which time G. A. Trollope. Agriculturist Agent for the Missouri Pacific Rairoad, will demonstrate selection of breeder turkeys out of Radke's flock.

Mr. Radke's farm is located 8 miles from Cameron on the Cameron and Milano highway.

Mr. Radke is conducting a broad co-operation with the Missouri Pacific Railroad and the Extension Service, and has been very successful in raising some high quality birds.

This demonstration has shown what can be done with high quality turkeys and together with the other two demonstrations being conducted in Milam County, should result in distributing better breeder toms and hens in this county.

YOUR CIVILIAN "SIGNAL CORPS"

Platoons of telephone construction men stand ready to roll out in blue-gray Bell trucks to set poles—string wire—install switchboards.

They know that a call for shell fuses now is almost as urgent as a call for serum—that life and death somewhere may hang on the prompt arrival of a shipment of cotton—that spoken messages must carry through the clatter of mighty mill sheds—must cross vast industrial areas and leap the miles between cities.

They're doing a big job—these telephone men—and the telephone operators and repairmen who work with them. They race with your country's vital needs. They struggle to keep up with a demand for service greater than they have ever known before.

ANGER IS RISING OVER SUBMARINE DEATH TOLL

While the greatest battle in history raged around Moscow, President Roosevelt returned to Washington today facing a rising demand throughout the nation, that he prove himself to be the enemy of Hitler.

The situation was described as grave as any which this nation has faced in its entire history and the elements were not unlike those immediately preceeding the world war No. 1.

The Senate of the United States will have before it a proposal to repeal the neutrality law and a number of Republican Senators who have opposed the President's foreign policy have now come out openly to submit a declaration of war against Germany.

Senator Tom Conoley of Texas, Chairman of the Foreign Relations Committee, today invited Burton K. Wheeler to come into the Senate and meet him in open battle on the merits of the Presidents foreign policy.

Meanwhile the battle for Moscow was less favorable to the Germans as Joe Stalin, in a blue blouse and gray breeches, took personal command and was moving about from point to point in an armored car.

A radio broadcast said that 65,000 tanks are involved in this battle.

The Germans announced they had taken 338,000 square miles of Russian territory.

On the British Isles the people who are working in factories producing war materials were so angered at British leadership that 9 principal industries called upon Winston Churchill to go to war with Germany, leaving the implication that unless the politicians agree to fight there is no sense in the production of war equipment.

The killing of 11 men aboard the Destroyer Kerney was said to have placed a new interpretation on the already bad relations between the United States and Germany.

President Roosevelt has shown no inclination whatever to avenge the death of these men and his actions were becoming more mysterious every day.

The far eastern situation remained unchanged with Japan still trying to find a soft spot in the diplomatic line where they know that the average American politician fattens on weakness and dies easy when back bones become fashionable.

Stalin Sets Fashion Parade As He Directs Armies Before Moscow

Fashion notes from the Kremlin today told of Joe Stalin, Dictator of all the Russias, clad in a bright blue blouse and gray pants, taking personal charge of his armies on the battle front around Moscow.

It was the same uniform Stalin wore in the Balshevik revolution and one of the first if not the first time he has left Kremlin since he poisoned Lenin.

Joe was matching Adolph somewhat. Hilter donned a uniform in September 1939 when he sent his army into Poland, said he would not take it off until victory came. Well, Adolph hasn't had a change of clothes yet, and it's the first time Stalin had pulled off his 8 ounce duck duster in many years.

U. S. WARSHIP HIT OFF ICELAND COAST

The American destroyer, Kierney, was torpedoed by a German submarine off the coast of Iceland sometime during the forenoon today.

President Roosevelt received the news within 3 minutes after his arrival at his Hyde Park home in New York.

The ship was not sunk, but badly damaged and was making its way to port under its own steam, said a broadcast.

There was no loss of life aboard the Destroyer. The Kierney was one of the newest types of American warships.

President Roosevelt said the attack occured within territorial waters. The German government has proclaimed the waters about Iceland and Greenland in the combat zone, but this declaration has not been recognized by the United States.

In Washington the Navy Department awaited full report on the incident.

Congressional leaders friendly to the Administration expressed no surprises and Senator Pepper of Florida advocated sinking of more submarines. His statement indicated the Kierney may have sunk the submarine as it was reported in late dispatches to have opened fire on the U-Boat.

Isolationists wanted to know what the Kierney was doing in those waters. They charged that the Greer, first warship to be attacked by a German submarine, was trailing the U-Boat and giving information to the British.

Two Awards Known In Calf Exhibit

After considerable inquiry the Herald has learned the names of two boys who exhibited winners in the Hereford calf show on Monday.

Homes James of Ad Hall exhibited the champion heifer and also the grand champion of the show. Homer lives on the farm owned by Dusek Brothers at Ad Hall.

Joe Kostiha of North Elm exhibited the champion heavyweight steer.

Other awards were not known. It is sometimes very difficult to obtain complete co-operation in the matter of obtaining facts on awards. Official lists are either put away and the owner is out of place, or nobody remembers what happened.

MAY BE PRELUDE TO FAR EAST NAVAL WAR

A special radio bulletin broadcast in Cameron shortly after noon Friday quoed a San Francisco news agency which said that American merchant ships in the Pacific had been ordered to steam to friendly ports.

Oxsheer Smith, President of the Citizens National Bank, was told in a telephone conversation with a represenative of a St. Louis Bond House early today, that merchant ships had been ordered out of the shipping lanes and to seek friendly ports.

Mr. Smith while talking with the firm discussed the torpedoing of a United States Destroyer off Greenland this morning and was told of the report that merchant ships were being cleared out of the Pacific sea lanes.

The interpretation placed on this broadcast is that the United States may be preparing for a naval war with the Japanese fleet to open hostilities in the war east.

There was no confirmation from Washington regarding purported orders to American vessels.

YOEMEN BEAT EAGLES 13 TO 0 FRIDAY NIGHT

The Yoemen continued their winnings with a 13 to 0 victory over Hearne Friday night.

It was the fifth game the Yeomen have won for the season and are still in the lead for the District title on a fifty-fifty basis with Taylor.

The Yoemen play Taylor here next Friday night and the contest for the District title is definitely a three cornered race between Killeen, Cameron and Taylor.

Bobby Hays scored two touchdowns, the first by a lateral from Torno from the 11 yard line, and late in the fourth quarter went oven from the one.

Big Bob Salach stood out as a defensive strength in the line.

The game was marred by frequent fumbles and rough play on the part of the Eagles. While the Yoemen were making it five in a row over the Eagles the Killeen Kangaroos were handing out notices by defeating Belton 37 to 0.

Killeen defeated Belton by a larger score than Taylor defeated the Tigers.

In Taylor the Ducks beat the Rockdale Tigers 45 to 6.

The Rosebud Black Panthers scored their first conference victory 12 to 2 over the Georgetown Eagles.

Advance predictions for the games as made by the Herald were sustained in every particular except the scores which varied considerably, but all teams predicted to win turned in a victory.

Cameron faces her first real test of the season here Friday night when the Taylor Ducks come over to the Yoemen field.

THERE GOES A TIRE!

...but why junk the car?

Any car can have a blowout in a tire. But you wouldn't junk the car. You'd just fix the tire—or replace it.

That's very much like a situation that exists in the retailing of beer. Beer retailing has its "flat tires," too—retailers who disobey the law or who permit unsavory conditions.

To protect your right to drink good beer, we of the beer industry want to eliminate the few "flat tire" retailers. Here's another reason: Right here in Texas, beer has provided employment for 31,165 persons, supports an annual payroll of $22,076,182 and paid $2,273,968.64 in state taxes last year.

The state, too, has an important stake in the beer industry's purchases—for material, equipment and services—from more than 100 other industries.

Those benefits are worth preserving. You can help us preserve them by patronizing only the reputable and legal places where beer is sold and by reporting any law violations you may observe to the duly constituted authorities.
